

The background of the image is a solid yellow color. Overlaid on this are several diagonal stripes of a slightly darker shade of yellow, running from the top-left to the bottom-right. These stripes are arranged in a pattern that covers most of the page, leaving a clear white space for the text in the center.

## INTUITIVE SOFTWARE

Our proprietary online software, eDesign is easy to use, even for beginners. This one-stop, drag-and-drop wizard-style wonder gives you access to cover designs, graphic templates and pre-designed books, with unlimited photo storage and easy portrait flow capabilities.

## PHOTO SHARING

You don't have to be everywhere. Let parents, school staff and online community contributors — truly, anyone with a camera or phone — submit photos online or through our app. Our eShare takes the pressure off you and allows the whole community to help.

## COVER CREATION

You can design your own cover. Or you can leave it to the professionals. Our artists have created more than 115 pre-designed covers for you to customize. Don't worry if you're not a designer — that's what we're here for.

# Easier than planning a carnival, cooler than field day and fewer calories than a bake sale.

If you've volunteered — or were volun-told — to coordinate the yearbook, sit back and relax. We will help you take care of everything by making the process easier and less stressful. We offer affordable pricing with a simple, one-deadline setup and hundreds of options to create the book you want.

## QUALITY PRODUCTION

The quality-obsessed employees in our plants find joy in making your book as beautiful as possible. In the four- to five-week production cycle, they'll color correct every photo, create your soft or hard cover and carefully assemble the full-color book.

## SALES SUPPORT

You're here to make a yearbook, so if the business side of it isn't your thing, we'll help you sell yearbooks. We supply a strategic email campaign, a user friendly online order site and posters, fliers, banners and signs to remind folks in school to buy.

## KNOWLEDGE YOU NEED

More than half our representatives are former yearbook advisers or staff members. They know how to make a book. They'll provide in-depth software training, and if you need extra help, technicians are on call to answer questions and provide guidance.
