Mods to the rescue

Add new coverage ideas to your New Year's resolutions. Mods, or modular layout units, are the easiest way to fill your spreads with bite-sized coverage. They're our go-to for quick and easy content additions.

Need a few ideas? Here's a [resource page of 40 alternative coverage ideas and design examples](#) for each mod. Surely there are a few that work with your theme, right? Or, grab the [mods poster](#) from your kit and make some choices.

If you're familiar with Square One™, [this PowerPoint](#) and its "Mod Design" video partner explores how to build your spreads with mods. And for the cherry on top, we've packed the eDesign Catalog with Square One™ mods.

Remember to keep your theme in mind as you brainstorm. Using mods to cover spin-off ideas helps them mesh with your primary coverage topics.
