

YBK ALL DAY

Hello, YBK Advisers!

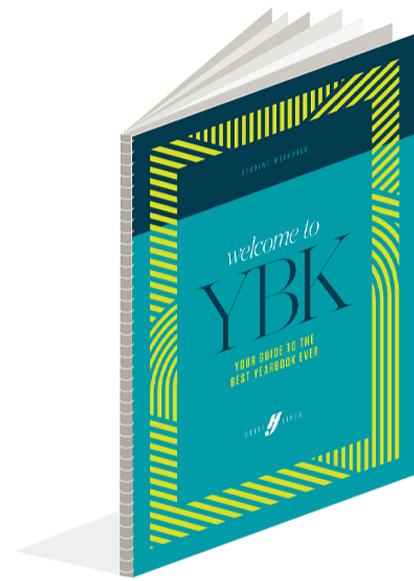

Welcome to your Adviser Assistance, where we at Herff Jones send you timely topics, tricks, tips and inspo as you envision and create your 2024 yearbooks.

While we have so much to share, we're going to kick off this first email with news that you might have missed this summer.

All the New in eDesign: We were hard at work this summer developing new features to make your life easier in eDesign. Here are a few of our faves, but you'll want to check out [this page](#) for even more.

- **Style Wizard:** Style Wizard is an amazing new tool that allows you to change colors and fonts on up to 50 templates or spreads at once. [See it in action here.](#) *You'll need to be logged into My HJ Yearbook to access.*
- **Text Wrap:** We know you want to wrap around cutouts — not just boxes — while layering elements. We've methodically built text wrap to check off each wish you may have.
- **New fonts and Book Styles:** New fonts are joining the AHJ family in eDesign. [You can check those out here.](#) And we can't forget our Book Styles with nine new styles in the eDesign Catalog. There's no reason you have to start from scratch with all of these templates at your fingertips

Take Time to Learn eDesign: We're hosting three types of orientations to suit the different roles on your staff. Plus, you'll learn tips for page design. [See the dates and options here.](#)
