

TASK RULES

Solve all of the given tasks by using your super-yerdy brains. The first team that completes all the tasks correctly and returns to B114 gets first crack at the snacks and first look at the 2012 yearbook. And maybe a prize!

RULES:

1. You are allowed to skip ONE task. Choose wisely.
2. Don't leave campus.
3. Make safe choices.
4. Clean up ALL areas where you have a task. Leave it how you found it.
5. Be respectful of all other people on campus. Not everyone is here for a party.
6. You may get help from any available resource including teachers, friends, other students and the internet.
7. Cheating will subject you to hideous torture by gridlines and old-school croppers. If the penalty is severe, I may force you to look at trapped white space, ugly fonts and photos that have Zack in the Crack. You don't want to go here. It's not a pretty place.

TASK ONE

This teacher shares a birthday with Mrs. Nicolson, Norman Schwarzkopf and Ray Bradbury. If you need more help, take the month + day of their birth date and add that sum to 71 and you'll get the room number. Discovering the building is up to you. Complete the task, take a photo of it, and get the signature.

TASK TWO

Find someone to take a photo of your entire team against a wall somewhere on campus with a POWERCAT in the background.

TASK THREE

I bet this teacher knows some rules of design. Find this classroom and get your fancy selves there.

Complete the task, TAKE A PICTURE, and get the signature before you leave.

TASK FOUR

Find this teacher's classroom and complete the task. Write your answers to the questions here: Get her signature before you leave.

TASK FIVE

Clear your throats and head to G126. QUIETLY. The Littlest Wildcats are sleeping across the hall. Do what is asked of you and get a signature before you leave.

TASK SIX

This not-quite-recovered surfer hangs out in Creative Cove. Find this teacher and write the answers to your given questions here: Sentence:

TASK SEVEN

Solve this math problem to find your next location:

(The number of light posts in the center area of the main courtyard) + (number of MHS counselors) + (page number of yearbook page in Clubs section last year) – 53 = room number of this activity upstairs in A. *Do not count light posts between the cafeteria and P.E. Complete the activity, bring your completed paper with you, and get the signature!

TASK EIGHT

Unscramble the following teacher's last name and go to his/her classroom to complete the next task: RALEGLBTD (Hint: this is a female teacher)

TASK NINE

Take a picture of all of your teammates jumping near the top of the visitors bleachers. (NOT OFF OF THE BLEACHERS!)

TASK TEN

Silence is golden in this classroom. Head to the quietest class on campus and complete the task to get your signature.

TASK ELEVEN

Get TWO non-yearbook students to do TEN jumping jacks in the courtyard with FOUR members of your team. Have another teammate take a photo of this, as it is happening.

TASK TWELVE

Make your way to the campus courtyard. Practice your acrobatic skills by balancing on your head. Complete the task and take a photo of it.

TASK THIRTEEN

Have someone take a photo of your entire team high-fiving an administrator. Don't forget to take a photo.
